BRADY TRANE SALUTED FOR COMMITMENT TO SAFETY ON THE JOB

8/28/08 (Arlington, VA) Brady Trane has been cited for its outstanding commitment to safety in the workplace by the Air Conditioning Contractors of America (ACCA).

“Brady Trane qualified for membership in the 2008 ACCA Safety Masters Club,” said Paul Stalknecht, president and CEO of national non-profit trade association that represents the technical, educational and policy interest of men and women who design, install and maintain indoor environmental systems.

“The exclusive Safety Masters Club is open only to those contracting companies with a safety program and fewest number, if any, workdays lost because of on-the-job injuries,” Stalknecht said. “By this achievement, Brady Trane has demonstrated a commitment to their employees as well as customers that they will do all in their power to ensure a safe workplace through training and company policies. They are to be congratulated for this singular achievement,” he concluded.

Brady Trane is a commercial HVAC provider with over 270 employees. It has been in business since 1962 has offices in Greensboro, Raleigh, Wilmington and Charlotte.

The Air Conditioning Contractors of America (ACCA), the largest organization of heating, ventilation, air conditioning, and refrigeration (HVACR) contractors, has announced the winners and members of its 2008 Safety Masters Club, the HVACR industry's most prestigious recognition for contractors who are dedicated to safe workplaces.

The Safety Award of Merit is awarded to ACCA contractor member companies with the best lost-time incident rate record for 2007 in each of four categories. ACCA's 2008 Safety Award of Merit recipients are:

- 0 to 40,000 hours: **Controlled Conditions Corp.**, Chesapeake, VA
- 40,001 to 100,000 hours: **Energy Management Specialists**, Cleveland, OH
- 100,001 to 200,000 hours: **Conditioned Air Inc.**, Macon, GA
- 200,001 + hours: **Halco Inc.**, Phelps, NY

The following is the complete listing of the 2008 Safety Masters Club members:

- Bay Area Air Conditioning (Crystal River, FL)
- Brady Services Inc. (Greensboro, NC)
- CHC Mechanical Contractors (Cookeville, TN)
- Coastal Heating & Air Conditioning (Annapolis, MD)
- Conditioned Air Corporation (Naples, FL)
- Conditioned Air Inc. (Macon, GA)
- Controlled Conditions Corp. (Chesapeake, VA)
- Cooper Oates Air Conditioning (Sacramento, CA)
- Energy Management Specialists (Cleveland, OH)
- Halco Inc. (Phelps, NY)
- Hardesty Team (Oklahoma City, OK)
- Harrington Engineering (Rocky Hill, CT)
- Hobaica Services (Phoenix, AZ)

- Isaac Heating and Air Conditioning (Rochester, NY)
- Peaden Air Conditioning (Panama City, FL)
- Thermal Concepts (Davie, FL)

"ACCA congratulates the winners and all of our Safety Masters Club members for their commitment to safety," said Paul T. Stalknecht, ACCA President & CEO. "These companies are examples to all contractors on how dedication to workplace safety can contribute to business success."

For more information on the Safety Masters Club, contact ACCA's Charlie McCrudden at 703-824-8841 or charlie.mccrudden@acca.org.

For over forty years, the Air Conditioning Contractors of America has served the educational, policy and technical interests of the small businesses that design, install, and maintain indoor environmental systems. ACCA is a non-profit organization with members in all 50 states and over 20 countries. Learn more at www.acca.org.
