BRADY EQUIPMENT RENTALS

Air Conditioners

Packaged Rooftop Units

Our state-of-the-art packaged DX rooftop air conditioning units provide quiet and efficient temperature control and are modified to be lifted by crane or forklift.

- Tonnage range from 25 to 80 tons
- Provide the quickest and easiest source of temporary cold air
- Restore cooling in an emergency; or cool a previously unconditioned space
- Convenient for special venues such as outdoor sporting events
- Standard and high-static versions available
- Electric and gas fired heat options available

Portable AC Units

Portable AC units can do more than just cool—they can also dry wet areas and protect equipment from water and humidity.

- Maintenance-free operation
- Totally self-contained
- No costly installation necessary
- Ideal for server rooms, laboratories and small office spaces

Air Handlers

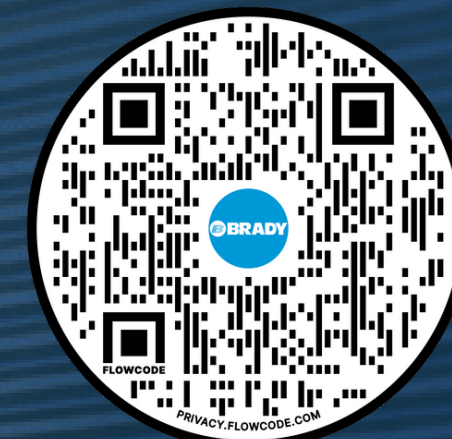

Air-Handling Units

Our custom engineered air-handling units are the most robust in the industry. These units provide the right solution for larger jobs, are outdoor rated and sized for 100 percent outside air. Available in 5–25,000 cfm units.

- Turn cold water from our chiller into cold air
- Ideal for providing air conditioning to very large warehouses, tents and other facilities
- Low temperature 30-ton Krack units also available
- Heating coils on units provide ability for year-round applications

BRADY EQUIPMENT RENTALS

Chillers

Air-Cooled Chiller Rentals

Ideal when speed, ease of installation and reliability are your primary concerns.

- Equipped to provide quick restoration of cooling in emergency and planned shutdown situations
- Applied in industrial and commercial markets to provide cooling for both process and comfort applications

10-500 ton

- Integral pumps, circuit breaker or fused disconnect, 0° - 65° F Water
- 10 ton Process Chiller

CGAM Air-Cooled Scroll Chiller

- Capacity Range: 25 to 125 tons
- Refrigerant: R-410A
- Ambient Operating Temps: -20 – 125 Degree F
- Chilled Water Operating Temps: 0-65 Degree F
- Industrial Design for Crane, Rigging, and Transportation
- Integral on Board Pump w/ By-Pass
- 460/3/60 Hz Electric

Series R® Helical Rotary Chiller

- Capacity Range: 155 to 500 tons
- Refrigerant: R-134a
- Ambient Operating Temps: 0 – 125 Degree F
- Chilled Water Operating Temps: 20-65 Degree F
- Industrial Design for Crane, Rigging, and Transportation
- Integral on Board Pump w/ By-Pass
- 460/3/60 Hz Electric

Ascend™ ACCA Air-Cooled Chiller

- Capacity Range: 150 to 550 tons
- Refrigerant: R-134a

Water-Cooled Chiller Rentals

Modified to install easily to provide fast temporary backup or added capacity.

- Larger tonnage in a smaller footprint
- Ideal for large process and comfort cooling applications that require higher efficiency equipment
- Weatherized for outdoor use

250-1,000 ton

- Centrifugal R-123, circuit breaker or fused disconnect

Water-Cooled Helical Rotary Chiller

- Capacity Range: 450 tons
- Ambient Operating Temps: 34 – 104 Degree F
- Chilled Water Operating Temps: 10-65 Degree F
- Industrial Design for Crane, Rigging, and Transportation
- 460/3/60 Hz Electric

CenTraVac® Water-Cooled Chiller

- Capacity Range: 225 to 1000 Tons
- Ambient Operating Temps: 34 – 104 Degree F
- Chilled Water Operating Temps: 40-65 Degree F
- Industrial Design for Crane, Rigging, and Transportation
- 460/3/60 Hz Electric

EQUIPMENT RENTALS
